Mentha with writing tablet

design Archirivolto Design

Eco-friendly coolness and comfort. Archirivolto's first collaboration with S-CAB is a visual reference to the world of nature and its harmonious and attractive lines, in which the ecological theme finds its synthesis in an easily recognizable shape: the leaf. The upholstered version is perfect for indoor use, while the minimalist technopolymer version is also suitable for outdoor environments.

Mentha sledge frame

design Archirivolto Design

Eco-friendly coolness and comfort. Archirivolto's first collaboration with S-CAB is a visual reference to the world of nature and its harmonious and attractive lines, in which the ecological theme finds its synthesis in an easily recognizable shape: the leaf. The upholstered version is perfect for indoor use, while the minimalist technopolymer version is also suitable for outdoor environments.

Natural Mentha

design Archirivolto Design

The visual reference to the world of nature and its harmonious lines and the ecological theme find synthesis in an easily recognisable shape: this is the signature of the Mentha chairs, the product of Archirivolto's first collaboration with S•CAB. Mentha is a fresh, practical, comfortable, and welcoming seat, just as its name suggests. The upholstered version is perfect for indoor environments; the minimalist technopolymer version is suitable for both indoor and outdoor spaces. Of no less importance is the material: certified recycled plastic, an advanced material increasingly adopted by the company.
